In The Loop

WELCOME

The summer term has begun with real energy across Bosworth Academy. Walking through school this week, it has been brilliant to see students settling back into purposeful routines, reconnecting with their learning and showing the Character and ambition that sit at the heart of our 6Cs. There is a genuine sense of momentum as we move towards the final stretch of the year.

Weekly Newsletter for Parents & Carers

This edition of In The Loop is full of opportunities that help our students grow both academically and personally. Work Experience Week is fast approaching for Year 10 and Year 12, and it has been encouraging to see so many students taking responsibility for securing placements and preparing for the world beyond school. The support from families and the wider Desford community has been invaluable, and it is a powerful example of Citizenship in action. Our tutors have also played a key role, guiding students through Unifrog and helping them communicate confidently with employers.

Careers education continues to thrive, with our Year 8 students taking part in a fast paced Speed Networking event that brought together professionals from a wide range of sectors. The enthusiasm and curiosity shown by students was fantastic to see. Experiences like this help young people develop Communication skills, broaden their horizons and begin to imagine their future pathways.

For students preparing for exams, our May Half Term Revision Academy opens for booking next week. These sessions offer structured support, expert guidance and a calm space to strengthen subject knowledge. More than one hundred students joined last year, and we hope many will take advantage again as they build confidence for the weeks ahead.

This week we have also been reflecting on Stephen Lawrence Day. Through assemblies and PHSE lessons, students explored Stephen's life, the impact of his story and the ongoing importance of challenging racism and injustice. Our Stephen Lawrence Ambassadors delivered their sessions with maturity and compassion, showing leadership that truly embodies our values of Character, Citizenship and Critical Thinking.

Our library continues to be a vibrant hub of creativity and reading culture. Year 7 students enjoyed a virtual author talk before Easter, and Year 8 students have been introduced to an exciting range of new books through Creative Learning Services. Reading remains one of the most powerful ways to build imagination, empathy and Communication, and it is wonderful to see so many students engaging with it.

As always, our aim is simple. We want every young person at Bosworth Academy to feel supported, challenged and inspired to be better than they thought they could be. Thank you for your continued partnership as we work together to make that a reality for every student.

Andy Dolinski
Co-Head of School

Work Experience Week

Dear Parents and Carers,

Thank you for your continued support and hard work in helping your child secure a placement for Work Experience Week. **Year 10 students** will begin the **week commencing 11th May**, and Year 12 students will begin the **week commencing 8th June**.

We would also like to extend our sincere thanks to parents and members of the Desford community who have generously offered additional placement opportunities for students. Your support is greatly appreciated. As part of a wider Department for Education initiative, schools are working to provide **meaningful work experience opportunities** for students in Key Stage 4 and beyond. As this programme continues to develop, there are naturally some challenges, and we thank you for your patience and cooperation.

We would also like to recognise the efforts of our tutors, who since the beginning of January have been delivering weekly sessions during tutor time. These sessions have focused on guiding students in how to use **Unifrog**, search for placements, and contact employers effectively.

As we approach Work Experience Week, students should now be adding their placement details to Unifrog. This is essential so that the required documentation can be sent to both parents and employers.

-
- Please note the following deadlines:
- Year 10: **30th March**
- Year 12: **30th April**

Thank you once again for your ongoing support.
Kind regards,

Mrs S. McCristal

Sports Day 2026

SPORTS DAY 2026

- When: 29th July
- Where: Saffron Lane
- Who: **Y7, Y8 and Y9**

More information to follow!

Monday 29th July

Y7, Y8 and Y9

We are taking all students to Saffron Lane for sports day. As a way of helping to subsidise the transport and hiring of the facility, we are asking parents to contribute **£5.50**. The payment can be made via iPay.

Speed Networking Event

On Thursday, 16th April, our Year 8 students took part in an exciting Careers event, the Speed Networking Event. This activity allowed students to meet a variety of employers from different sectors, giving them valuable insights into potential careers and pathways. This year we had the head coach of Leicester Tigers Women's Team and Director of Women's Rugby in as a special visit, the students were excited to speak to them about their career journey. In small groups, students had 5-minute sessions with each employer, asking questions about their career and experiences. The fast-paced nature of the event helped students develop confidence, communication skills, and a deeper understanding of the wide range of career opportunities available. Feedback from students and staff was overwhelmingly positive, with many students expressing how motivating and inspiring the event was. It was a fantastic opportunity for our Year 8s to explore future possibilities and enhance their employability skills.

May Half Term Revision Academy - Booking opens Wednesday 29th April at 7pm

May Half Term Revision Academy - Booking opens Wednesday 29th April at 7pm

We're excited to invite students to this year's May Half Term Revision Academy – a great chance to secure your subject knowledge in the midst of the exams.

As part of our commitment to supporting every student, we're offering a wide range of two-hour revision sessions from **Tuesday 26th to Friday 29th May**. These sessions are designed to strengthen subject knowledge and enhance study habits for that final push.

Booking opens on **Wednesday 29th April at 7pm** through the iPay app, and places are first come, first served. **Each session costs £5**, which covers resources and exam booklets.

Bookings close Tuesday 19th May, and refunds are available **until Wednesday 20th May**. Students receiving Free School Meals will have refunds added to their iPay account after half term.

Students should check the timetable, note the sessions they've chosen, and arrange their own transport. They're welcome to come in **non-uniform and should bring lunch**.

More than 100 students joined us last year and found the experience genuinely helpful. It's a brilliant way to boost some last minute motivation.

Year 10 Work Experience Week 11-15 of May - Last Call

Dear parents/guardians,
This is a final reminder that the last date for approval for Year 10 Work Experience Week is 5th May.

All approvals must be completed by this date, as we need sufficient time to finalise and code the register.

Please note that students who do not have a confirmed placement by this deadline will be expected to attend school as normal during **Work Experience Week**.

Thank you for all your support with this process. We appreciate that securing a placement for your child is not an easy task, especially at the start.

Kind regards,
Mrs S. McCristal

This week, our school has been honouring Stephen Lawrence Day through a series of assemblies delivered to every year group. These sessions explored the importance of Stephen's life, the national impact of his story, and the continuing need to challenge racism and injustice in society. Students reflected on the inequalities still faced by many minority communities and considered how they can contribute to a fairer, more inclusive future.

Alongside the assemblies, this week's PHSE curriculum has been dedicated to deepening students' understanding of Stephen's legacy, anti-racism, and the importance of standing up against discrimination in all its forms. This whole school approach has helped students connect Stephen's story to their own values and actions.

A standout highlight has been the exceptional work of our **Stephen Lawrence** Ambassadors, who delivered the assemblies with maturity, confidence, and compassion. Their leadership has inspired peers across the school and strengthened our shared commitment to equality.

ADT

Our GCSE Art students start their 10-hour timed controlled assessments next week and GCSE Textiles with WB 27/4/26. These assessments are the culmination of months of work towards their Externally Set Assignments. Students will be spending 2 days off timetable working under examination conditions to realise their ideas at the end of the project.

To support this in ADT, we offer in D5 **every break time** access to materials, equipment and support from staff where needed, as well as a **session after school every day**. Allowing students to maximise the time left and utilise our facilities and specialist equipment. Anyone is welcome to stay and work up until **5:30 pm any evening**. After they have taken these assessments, they will be using lesson time to complete all essential paperwork and authenticate their work, as well as use this time to revise for their upcoming examinations in all other areas.

We wish them the best of luck and continue to offer any support, guidance or help needed in this final week.

Maths Puzzle Of The Week

How many numbers could I pick that have this property?
I pick a number N, I then choose a factor of N, square it, and then subtract the answer from N.
The result is 70.
What could it have been?

5

Let the number of left-handed players be n.

It follows that there were 2n right-handed players. Hence there were 3n players in total. There were fewer than 20 players. Therefore $n \leq 6$.

Since it was an all-play-all tournament, $\frac{1}{2}(3n(3n - 1))$ matches were played.

Since the ratio of number of matches won by left-handers to the number won by right-handers was 3 : 4, the total number of matches was a multiple of 7.

For $n = 5$, $\frac{1}{2}(3n(3n - 1)) = 105$ which is a multiple of 7. However it is not a multiple of 7 for $n = 1, 2, 3, 4$ or 6.

It follows that there were 5 left-handed players in the tournament.

Below is the answer to last weeks Maths Puzzle of the week. Did you get it right?

Mrs Jones,

At The National College, our WakeUpWednesday guides empower and equip parents, carers and educators with the confidence and practical skills to be able to have informed and age-appropriate conversations with children about online safety, mental health and wellbeing, and climate change. Formerly delivered by National Online Safety, these guides now address wider topics and themes. For further guides, hints and tips, please visit nationalcollege.com.

What Parents & Educators Need to Know about YOUTUBE

WHAT ARE THE RISKS?

Almost anyone with an internet connection knows about YouTube. The Google-owned platform allows users to upload and share videos globally, making it a readily accessible resource with free content on almost any topic. However, with over 20 million videos uploaded each day, not all material is suitable for younger audiences.

INAPPROPRIATE CONTENT

YouTube is free and can be accessed across multiple device types, even without an account. While some videos are marked as 'age restricted', this relies on uploader honesty and automated moderation, meaning children and young people may still encounter unsuitable content if these measures aren't taken.

TRENDS AND CHALLENGES

Popular trends and challenges can be entertaining and widely shared. While many are harmless, some can be risky or harmful if copied. For example, the 'salt and ice challenge' has caused injuries when imitated.

EXPOSURE TO EXTREME CONTENT

The platform's algorithm often promotes content that attracts high engagement, which can sometimes include videos containing extreme viewpoints, misinformation, or risky behaviour. As children and young people watch more of this content, similar videos are likely to be recommended by YouTube's algorithm, therefore reinforcing the exposure.

CONNECTING WITH STRANGERS

YouTube includes social features such as comments and direct messaging. This means young users can interact with people they don't know, potentially exposing them to inappropriate language, cyberbullying, or unwanted contact. Young content creators may be especially vulnerable.

SUGGESTED CONTENT

YouTube recommends videos based on what a user has previously watched. While this can enhance the experience, it may also encourage binge-watching and excessive screen time, particularly when Autoplay is enabled. Without an account, users are shown trending videos, which are not always age appropriate.

SHORT-FORM CONTENT IMPACT

YouTube Shorts – short, fast-paced videos – are designed for continuous viewing. This style of content can be highly engaging but may also contribute to increased screen time and difficulties with maintaining focus over longer periods.

Advice for Parents & Educators

CONSIDER YOUTUBE KIDS

YouTube Kids can help reduce young users' exposure to unsuitable content by filtering videos into age groups, such as preschool, younger, and older children. However, as moderation is automated, it should be used alongside active supervision.

CHECK PRIVACY SETTINGS

If a child in your care uploads content, consider setting videos to Private or Unlisted so they are only shared with trusted viewers. Disabling comments can also help reduce unwanted interaction from strangers.

USE PARENTAL CONTROLS

Google Family Link allows adults to filter content, monitor usage, and manage younger users' screen time. Supervised Accounts offer a gradual step up from YouTube Kids, enabling children to explore the platform with appropriate safeguards.

WATCH TOGETHER

Spending time watching YouTube with the children and young people in your care can help you understand what they enjoy and guide your conversations about content. Tools like Downtime in Family Link can also help limit unsupervised viewing.

Some of our Year 7 student would just like to take this opportunity to say a huge thank you to all the students, parents and staff at Bosworth Academy for all your support over the last 8 years. I am moving onto a new position, as a Creative Learning Services librarian from next week and will miss working with all of you. There will be a new school librarian, who will take over in due course.

In the meantime, please keep on reading and encouraging reading around you

Mrs Griffiths

Bosworth Academy librarian

ts attended a **virtual author talk** just before **Easter holiday**.

As part of the Creative Learning Services 7for7 reading challenge for this school year, they had an opportunity to listen to the amazing author **Hiba Noor Khan** talk about how she became an author and her latest book, which is part of the 7for7 reading challenge, The line they drew through us.

We had another visit from the amazing librarians at Creative Learning Services, at the end of last week!
<https://www.creativelearningservices.org.uk/>

This time it was the turn of our Year 8 students to have the pleasure of having some amazing books recommended to them. Each Year 8 English group had a selection of 10 books which were introduced to them, we have 8 groups, so that makes 80 books in total recommended to our Year 8 students. Copies of these books are available to borrow from the school library.

The woods are hiding a secret... but then so is Red...

Red is not allowed to go into the woods. Everyone knows that they are dangerous - because of their strange magic and the wolves that lurk there... But Red finds herself increasingly drawn to the woods and the place where her grandmother disappeared without a trace three years ago. When the woodcutter fails to return home one night and wolves are spotted close to the village boundary, fear drives a deep and dangerous divide between the villagers and the nature they live alongside.

Only Red seems to hold the key - but she has a secret, and exposing it could ruin her family forever ...

KS4

Seventeen-year-old Elias has been in a near-fatal car crash which has left him emotionally numb, with no memory of the accident.

As the anniversary looms, his therapist and family struggle to help him deal with the fall out. Desperate to feel something again, Eli winds up at an underground club called Traumaland. But this is no ordinary nightclub. Here he joins crowds of other emotionally numb people, all seeking to experience a new thrill by entering virtual reality simulations of nightmarish scenarios through the points of view of various characters.

When he enters the story of a boy called Jack, he discovers a darker truth to the club. A truth that sets Eli on a dangerous journey to find the source of his own trauma..
