In The Loop

WELCOME

This week brings us to an important milestone in the summer term, and we want to begin by saying a huge well done to all our students who have been sitting GCSE, AS and A Level exams. From Year 10 completing their RS exam to our older students tackling full exam schedules, their Character, resilience and focus have been clear to see. We hope the half term break offers everyone the chance to rest, reset and enjoy some meaningful time with family and friends. With a bit of luck, the weather will give us all the opportunity to get outside and recharge before the final stretch of the year. As we pause for the break, it feels like the right moment to reflect on the many experiences our students have enjoyed this term. It has been a busy and purposeful few weeks, filled with opportunities that have helped students grow academically, socially and personally.

Year 10 students have taken part in a wide range of activities, from their Work Experience Week to their recent Geography fieldwork in Leicester. Whether interviewing members of the public, using GIS technology or stepping into real workplaces, they have shown Collaboration, Communication and independence. Many students have spoken about how these experiences have boosted their confidence and helped them think more deeply about future pathways.

Our younger students have also had a rich and varied term. Year 8 students took part in the We Are Industry programme, exploring life sciences at Loughborough Science Park and engaging with professionals from leading organisations. Their curiosity and Critical Thinking shone through as they asked thoughtful questions and took part in hands-on experiments. Year 7 and Year 8 students have also enjoyed author talks, book recommendations and reading challenges through Creative Learning Services, helping to build Creativity and a love of reading.

Across the school, students have taken part in assemblies and activities linked to Stephen Lawrence Day, reflecting on fairness, equality and the importance of being an upstander. These moments have encouraged Citizenship, empathy and integrity, reminding us of the values that shape our community.

As we head into half term, we want to thank families for their continued support. Our students have achieved so much already this term, and we look forward to coming everyone back refreshed, ready for the final weeks ahead and ready to continue being better than they thought they could be.

Household Casting - Avalon Television Limited

May 2026

Dear Parent

Reference: The makers of Taskmaster are casting families for a fun new primetime Channel 4 show.

Dates: Filming half term October 2026.

I am writing to you from Avalon Television Limited, a multi-award-winning production company, producers of Taskmaster and Junior Taskmaster (**Channel 4**), Dogs Behaving Very Badly (**Channel 5**), Not Going Out (BBC One), The Chris & Rosie Ramsey Show (BBC Two), as well as many more. Please see our website here: <https://avalonuk.com/productions/>

We are looking for children and their families to take part in an exciting new entertainment show. The chosen households will take part together in an array of creative, fun and head-scratching games from the comfort of their own homes – in the hope of beating the other households to win a cash prize, as well as having a lot of fun as a family! The tasks will be set by Alex Horne of Taskmaster fame.

More information, T&Cs and the application form can be found at www.avalontvcasting.com

We would also like to reassure you that Avalon Television takes its duty of care when filming with children very seriously and there are robust safeguarding protocols in place. All crew, production team and on-screen talent in direct contact with the children will have an Enhanced DBS check done. In addition, the licensed chaperones' sole focus is to ensure that the children are monitored, happy, informed as to what is going on and they will make sure they have breaks and sustenance.

Please note that a parent or legal guardian must get in touch.

We cannot respond to emails or applications from children.

I look forward to hearing from you.

Yours faithfully

Alexandra Lockyer
Casting Producer
Avalon Television Limited

THE MAKERS OF TASKMASTER ARE CASTING NOW FOR A NEW CHANNEL 4 SHOW!

Does your household enjoy watching Taskmaster and would you love the chance to try the tasks?

What if you could compete together against other households from the comfort of your own home AND be in with a chance of winning a cash prize?

Avalon Television is looking for fun and quick-thinking families/housemates/couples to tackle a host of creative and head-scratching tasks set by Alex Horne of Taskmaster fame.

More information and application form link below

www.avalontvcasting.com

Terms and conditions apply.
We only accept applications from a household member aged 18+
Closing date 23:59 on Sunday 7 June 2026.
Any information you provide as part of your application will be processed in line with our privacy policy: <https://avalonuk.com/privacy-policy-cast-crew-and-talent/>

Personalised Timetables:

Starting on the week beginning 5th May **all Year 11 students** will receive their personalised revision timetables which will be available to view on their Arbour calendar – carefully designed to help them make the most of the final weeks before exams. Each timetable includes a blend of students' usual lessons alongside targeted revision sessions in subjects, ensuring every learner has the opportunity to strengthen **understanding and build confidence** ahead of the summer assessments.

These tailored schedules have been created to allow students to focus on topics that will make the biggest difference to their exam preparation. Students **MUST** look at their Arbour timetable to see what subjects they have and when. It will also give them the room they need to go to.

The final day for year 11 to attend is **Wednesday June 10th**. After this date students will need to come in for their personalised lesson/revision sessions and exams only. A reminder that the exam contingency day is **24th June** - this is put in place in case any exam papers are compromised nationally or in case of extreme circumstances such as extreme heatwave.

Live Safe

Dear Parents

As we have reached the end of the half term, we want to take this opportunity to share some important safeguarding information with you.

Online Safety

With many children receiving new devices or spending more time online over the break, it's a great time to:

- Check Privacy Settings: Ensure new gadgets have age-appropriate restrictions enabled.
- The "Living Room" Rule: Encourage children to use devices in common areas rather than behind closed doors.
- Open Dialogue: Remind them they can always come to you if they see something that makes them feel uncomfortable.

Report your concerns about a child or young person

If it is an emergency, you should call the Police on 999.

If you're worried about a child or young person or you feel that you need help from Social Care Services, you are able to request support or to make a self-referral. Depending on your address, will depend on who you will need to contact: - please see the links below.

Work Experience Week Feedback

Year Work Experience Week Feedback

"Students had an exciting and rewarding week on work experience, gaining valuable skills, building confidence, and learning more about the world of work through new experiences and opportunities. We also received some brilliant feedback from employers and parents, highlighting the students' enthusiasm, professionalism, and positive attitude throughout the week." We have a collection of good stories to tell!

Here is one of them:

Our year 10 student Lydia said:

In my work experience week at Dove Bank Primary school I helped with day to day activities and supported younger students with there work,I got involved in day to day school life and built a good relationship with the students,it helped my confidence and I enjoyed it lots and would love to do it again.

Sports Day

We are taking all students to Saffron Lane for sports day. As a way of helping to subsidise the transport and hiring of the facility, we are asking parents to contribute **£5.50**. The payment can be made via iPay.

Blue Peter Badges

Children **aged 5-15** can apply for Blue Peter badges. It is really easy to apply. There are 9 different badges to choose from. The Blue Peter badge **gives children free entry** to over 200 attractions across the UK. This is the link to the information and place to apply:

<https://www.bbc.co.uk/cbbc/joinin/about-blue-peter-badges>

Maya did her **WEX in the De Montfort University** at the Creative Media Arts and Design she said: I thoroughly enjoyed my work experience, and i am very thankful i was able to learn something new that i enjoyed aswell as get the necessary experience.

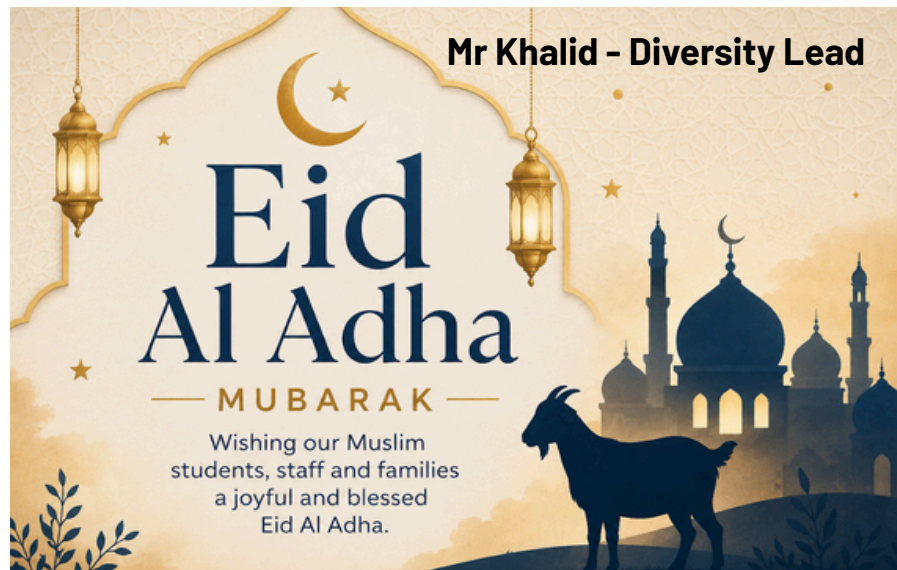

Eid Mubarak!

As many of our Muslim students, staff and families prepare to celebrate the festival of Eid al-Adha **next Wednesday, 27th May**, we would like to wish everyone celebrating a joyful and peaceful **Eid Mubarak**.

Eid al-Adha, also known as the **"Festival of Sacrifice"**, is one of the most important celebrations in Islam. It celebrates the story of Prophet Ibrahim (known as Abraham in Christianity and Judaism) and his faith, obedience and willingness to sacrifice for God. As part of the celebration, many Muslim families sacrifice an animal, with the meat shared between family, friends and those who are less fortunate. This act reminds Muslims of the importance of charity, compassion and supporting others in the community. Muslims also attend special prayers, spend time with loved ones and reflect on gratitude and kindness.

There are also strong links with Christianity and Judaism, as Abraham is an important figure in all three faiths. The story of faith, sacrifice and devotion is shared across these religions and highlights values that bring communities together. Eid encourages respect, generosity, compassion and supporting those in need, values that reflect both faith and the British values we promote at Bosworth Academy.

We hope everyone celebrating has a wonderful Eid filled with happiness, peace and togetherness.

Year 12 Next Steps

On **Thursday 14th May Year 12** parents and carers joined the Sixth Form team to hear about next steps following A levels, the range of routes students could access, and how to **support their child through the application process.**

The presentation also covered the plans for this term including what will be covered in personal development, the delivery of A2 content in lessons, work experience and the launch of our very successful enterprise day.

Parents/carers who were unable to attend, but would like a copy of the slides should contact the post 16 office on extension 357 or email

Work Experience

Year 10 students are enjoying an exciting and valuable **Work Experience Week**, with most of the year group spending time in meaningful workplace environments and gaining first-hand insight into different careers. Students are developing key employability skills including **communication, teamwork, resilience, creativity and professionalism** – all essential qualities for future success.

For those in school, there is a varied programme of career-focused activities. Students are exploring jobs of the future, dressing for the workplace and working collaboratively to create and pitch campaigns tackling food waste. These activities are encouraging **problem-solving, confidence and presentation skills**, while helping students make links between subjects and the world of work.

We were also delighted to welcome guest speaker **Guy Peters**, who spoke honestly and engagingly about his journey from school to becoming a project manager in the space sector. Guy highlighted the importance of resilience, tenacity and strong relationships, inspiring students through his personal experiences and achievements. Students asked thoughtful and insightful questions, **making it a truly memorable session.**

It has been fantastic to see Year 10 students embracing every opportunity, growing in confidence and **gaining valuable experiences** that will support them in their future education and careers.

De Montfort campus

The first week in May saw all of our **Year 10 Geographers** complete a fieldwork visit to Leicester. This visit contributes to their GCSE exam for Paper 2 where they have to write about quality of life in an Urban area.

We visited Aylestone Village, and walked down the Great central Way linear park into the Westcotes and Bede Island areas. Students undertook a number of activities including interviewing members of the public and using **GIS technology to log data in real time**. Using app based fieldwork is an important way the department is embracing the gathering of datasets that can be analysed using AI tools to support genuine research findings.

In the afternoon we based ourselves on the **De Montfort campus**, and this gave students a good insight into life around in and around the University - thanks to DMU for allowing us to use their facilities. Students deserve real credit for their behaviour and professionalism - we know they represented the school really well. Thanks especially to **staff in school and on the trip who gave up their time to help organise and support a successful learning experience**.

Mrs Jones,

What Parents & Educators Need to Know about MINECRAFT

As the best-selling game in history, Minecraft has made a name for itself by empowering audiences of all ages to harness their creativity. Originally an indie hit, it's become a cultural phenomenon with merchandise, spin-off titles, and wider media adaptations. Even if you don't know your Creepers from your Endermen, this guide will explore the risks of Minecraft in 2026 and explain how to support a safe gaming experience for the children in your care.

WHAT ARE THE RISKS?

PUBLIC SERVER COMMUNICATION

Many players enjoy Minecraft with others, including friends and unknown players online. In-game text chat is commonly used to coordinate building projects and gameplay, and this can extend to adding friends to voice chat. While often harmless, this creates risks around contact with strangers, and in some cases server hosts may expose IP addresses (if hosting independently), which raises privacy and security concerns.

GRIEFING BEHAVIOUR

Some players deliberately damage or destroy other players' creations. This behaviour, known as 'griefing', is a form of bullying that can undo hours of effort and cause frustration or distress to affected players. Although many servers treat griefing as a serious offence, enforcement varies. Children who prefer to build independently may feel safer working on private worlds or controlled servers.

ADDICTIVE GAMEPLAY LOOPS

Minecraft's creative focus can make it easy for players to lose track of time. The cycle of gathering resources and building projects can be highly engaging, which may challenge agreed screen-time limits. If not managed effectively, this can impact children's sleep, schoolwork, and real-world social interaction.

SCARY GAME ELEMENTS

Although often compared to digital construction toys, some gameplay modes include hostile creatures with unsettling sounds and sudden encounters. While there is no graphic violence, younger players may still find zombies, spiders, or dark environments frightening. These experiences can lead to anxiety or reluctance to play, depending on the child's age and sensitivity.

IN-GAME SPENDING

Minecraft requires a one-off purchase after a free trial, usually around £15, but additional spending is possible. Players can buy cosmetic content or subscribe to Minecraft 'Realms' for private servers. Without supervision, children may make unintended purchases. Subscription services and add-ons can also increase overall costs over time if not monitored.

ONLINE INTERACTIONS

Playing with others can introduce broader online safety concerns, including exposure to inappropriate language or behaviour. Some players may attempt to move conversations beyond the game, which can increase risks to children's safety and welfare. Children may not always recognise these situations, meaning guidance and ongoing conversations about safe interactions are essential.

Advice for Parents & Educators

CHOOSE SUITABLE GAME MODES

Creative or Peaceful modes remove hostile creatures and reduce the pressure during gameplay. These options allow children to focus on building and exploration without fear of attack. They are also ideal for shared play between adults and children, creating a calmer environment to learn the game and enjoy collaborative projects.

USE PRIVATE SERVERS

Setting up a private server helps control who can join a child's game. Access can be limited to trusted friends through passwords or invitations. This reduces the likelihood of unwanted interactions and gives adults greater oversight. While some options involve a subscription fee, they offer a safer and more controlled multiplayer experience.

DISCUSS ONLINE STRANGERS

Children should understand that not everyone they meet online is who they claim to be. Clear guidance about not sharing personal information is essential. Encourage children to report any worrying or uncomfortable interactions and reassure them that they can seek help without fear of punishment. Open, ongoing conversations help build their confidence and awareness of these issues.

SET SPENDING BOUNDARIES

Agree on clear rules around purchases before letting children play, and use device settings or platform controls to restrict spending within agreed limits. Explaining that in-game currency uses real-world money can help children make informed decisions. Regularly reviewing purchases together can also prevent unexpected costs and encourage responsible behaviour.

Meet Our Expert

Lloyd Coombes spent 7 years in games media, before moving into the games industry via PR and marketing. A parent himself to a Minecraft-loving son, he understands why it's so important to stay safe online.
